

Informal explanation of study “Ecotype detection in (geometric) morphometric data”

Peter D Smits Benjamin Frable

January 5, 2013

1 Introduction

2 Materials and Methods

2.1 Fish

2.2 Morphometric analysis

2.3 Machine learning

2.3.1 Linear discriminate analysis

2.3.2 Multinomial logistic regression

3 Results

3.1 Morphometric analysis

3.2 Machine learning

4 Discussion
